Q1

What is the acceptance rate over time?

```sql
select
    date_trunc('month', transaction_date) as transaction_month,
    count(transaction_id) as total_transactions,
    count(case when transaction_state = 'ACCEPTED' then transaction_id end) as accepted_transactions,
    round(
        count(case when transaction_state = 'ACCEPTED' then transaction_id end)
        / count(transaction_id) * 100,
        1
    ) as acceptance_rate_pct
from globepay.analytics.fct_globepay__transactions
group by 1
order by 1;
```

Table | Chart | Pivot — 6 rows — 608ms

	TRANSACTION_MONTH	TOTAL_TRANSACTIONS	ACCEPTED_TRANSACTIONS	ACCEPTANCE_RATE_PCT
1	2019-01-01	930	647	69.6
2	2019-02-01	840	589	70.1
3	2019-03-01	930	641	68.9
4	2019-04-01	900	610	67.8
5	2019-05-01	930	645	69.4
6	2019-06-01	900	645	71.7

Q2

List the countries where the amount of declined transactions went over $25M

```sql
select
    country_code,
    count(transaction_id) as declined_transactions,
    sum(amount_usd) as declined_amount_usd
from globepay.analytics.fct_globepay__transactions
where transaction_state = 'DECLINED'
group by 1
having sum(amount_usd) > 25000000
order by declined_amount_usd desc
```

	COUNTRY_CODE	DECLINED_TRANSACTIONS	DECLINED_AMOUNT_USD
1	FR	271	32628785.95
2	UK	258	27489496.65
3	AE	291	26335152.43
4	US	297	25125669.78

Q3

Which transactions are missing chargeback data?

```sql
select
    transaction_id,
    transaction_ts,
    country_code,
    transaction_state,
    amount_usd
from globepay.analytics.fct_globepay__transactions
where is_chargeback is null
order by transaction_ts;
```
